Notice of Planned Power Outage

On Wednesday, April 16, 2014 at 5:30 p.m., Entergy will be shutting down power to the State Capitol Complex. They plan to restore power by 2:00 a.m. on Thursday. AOC is working with the Department of Information Systems and Arkansas Building Authority to ensure that data services will not be interrupted; however, users of AOC-provided applications should be aware of the possibility of a temporary interruption in access to Contexte, CourtConnect, Juror, MyJuryInfo, eFlex and the Arkansas Judiciary website. We will keep you apprised of any changes to Entergy's plans and our efforts to maintain service as they become available.
